Editors Note: Denison, KS, is a small city in Jefferson County and has a population of around 180. Only 2 people voted in its mayoral race, which is only slightly more than DCGA elections. Even better, the "official" results for Jackson County local elections are done by hand tallies, not by a machine, and posted to the County Clerk's Facebook account. No, not the County Clerk's page, their actual personal facebook account. If you're reading this Kathy Mick, please accept my friend request.

We are Kimberly and Kelly (K2sisters). We have a new little shop in Granville behind Elm's pizza SISTER SAL- VAGE & SOLES. Realizing our location is not in the most seen spot in our cute little town, and that we are not good at the marketing part of our business, we are looking for someone to GET US OUT THERE. This would be a paid position. The person(s) would need to be creative patient and laugh a lot. They would be working with two 50+ year old sisters/best friends/business partners.
