RANKING DISNEY THEMES

So, last Saturday I was watching Monsters inc, pound for pound one of the god tier of Disney cinema. I then had a thought of how much of a banger the theme song is to Monsters inc, just gets people into the groove ya know? Then, a much more wilder thought came into my head what is the best Disney song of all time? While, there would be no one better to make the list I thought I worked the Toy Story Mania (trademark) ride in Disney World for a solid 5 or so months so I feel like I have the correct tools to jot down the top 10 Disney theme songs.

A few rules:

Any film produced by Disney is fair game because they had a hand in picking the songs except for Marvel and Star Wars are not accepted....sorry.

How will I pick? Simple it is based on how much I can throw down to the song, I will provide reasons why I picked the song.

Here are my top 10 from 10 to 1, so you have to read the whole thing teehee.

10.) If I Didn't Have You from Monsters Inc. - Okay starting it off on a jam this is from the end credits so ya'll may have missed it, it is super dope though. Even though Monsters University may be a better film, oh hot take.

9.) He's a Pirate from Pirates of the Carribean - This song is a classic pump up jam. No words though so just be aware, but if you are studying just through it on and put a eye patch on and yell yah man.

8.) I Don't Wanna Miss a Thing by Aerosmith from Armageddon - This is a Disney produced film so they picked this song. This is a Disney song they play it all through their theme park....trust me I know. This song truly is a bringer of tears as they say so.

7.) Friend Like Me from Aladdin - Now this could either be the Robin Williams or Will Smith version. I will say the Will Smith verison is super sick and he just had so much swag in the performance. If you are having any issues with a friend or loved one put send this song to them and say "This is me".

6.) Bet On It from High School Musical 2 - If you know you know. If not spotify does exist.

5.) Can You Feel the Love Tonight from The Lion King - I am not talking about that Seth Rogan version even though Donald Glover and Beyonce absolutly murder it. But, I am talking about the Elton John led version it is almost too perfect of a song.

4.) You've Got a Friend in Me from Toy Story - This song brings all your friends closer together and it will make you cry. I used to listen to this song like for 12 hrs straight my my it still doesn't phase me that is how amazing it is.

Heaven's Light/ Hellfire from Hunchback of Notre Dame - This song is amazing because the Hunchback is in love with this girl but, like in the movie he doesn't end up with her because he is so ugly, this movie man it hits hard. Then the second half of the song is from the perspective of the villain and why he is after the girl. This is when you find out it is because he is in love with her.....amazing

2.) I'll Make a Man Out of You from Mulan - I feel like I don't even need to defend this or give an explanation of this song just go to spotify and put it on or better yet listen to the song. Sidenote: Donny Osmond has such a good voice

Hawaiian Rollercoaster Ride from Lilo and Stich - The best song by far, literally throw this jam on during a party and just watch everyone lose their absolute minds. There you go, go listen and let me know how it goes.
