REST IN PEACE JOHN PRINE

This will be quick because I'm not used to writing serious stuff. I just found out a few minutes ago that my favorite songwriter John Prine just passed away and a lot of people agree with my belief that he's one of the best songwriters of all time. I'm just super bummed about this cause I was planning to go to his concert in Louisville towards the end of May and now I'll never be able to see him perform live. I'm going to go listen to some of his music and probably cry now but go ahead and listen to these songs if you like good acoustic folk/americana music.

1. Paradise
2. Angel from Montgomery
3. I Have Met My Love Today
4. Clay Pigeons (Prine didn't write this, but actually covered it)
5. That's the Way That the World Goes Round
6. Spanish Pipedream
7. In Spite of Ourselves
8. Sam Stone
9. Mental Cruelty (feat. Kacey Musgraves)
10. My Old Kentucky Home, Goodnight (another cover)
11. Sweet Revenge
12. Caravan of Fools

John Prine survived two bouts of cancer, and finally was taken down from this damn virus. His music was really some of the most inspiring stuff I've ever listened to and it always helped me feel better when I was feeling really down. RIP John Prine. I'll be making the trip out to Paradise, Kentucky this summer in honor of your memory.

Stay home everybody. We'll get through this together.

ATTEMPTING TO REDEEM MYSELF THROUGH THE FAN-FAVORITE TIGER KING

To be completely honest I felt kind of called out by this quote from the Bullsheet group chat even though it wasn't directed at me...

They should mention you can still be on staff if you do not write

<===Editor Fact Check: True

...I mean I've only written 2 articles since coming on staff, so here goes nothing...

How to be as Influential as Joe Exotic

1. Deck yourself out in face jewelry. Nothing says you love animal abuse and mullets more than 6 hoops in each ear and an eyebrow piercing that's trying to get as far away from you as Carol Baskin's ex-husband when he filed the restraining order.
2. Have an unexplained leg injury! After getting a thorough backstory about the loss of someone's arm to a tiger attack and the destruction of someone's legs to - I kid you not!!- a ziplining accident, it is of utmost importance to not tell anyone about this irking point.
3. Become polygamous. If you can manipulate people by finding out what they are missing in their lives than this should be easy! Just give them what they want! Don't be shy! Go, girl! Get as many spouses as you want!

Continues on back...

FROM FRONT

4. Have an archenemy. If you want to prove to people that you mean no funny business (except for your whole career being that, of course) find someone that is pretty much as terrible as you but just because they say, “cool cats and kittens,” they are somehow more morally sound than you.
5. Buy expired meats from Walmart. Nothing will help you swoon one of your polygamous partners (see #3) more than serving them a rotting T-bone steak. But honestly, the fact that this is what they fed to the tigers is effed up.
6. Have a VERY successful country music career. Write numerous songs that only apply to extremely niche things happening in your life. The more songs about your archenemy (see #4) killing her husband the better! Just make sure to not let the extras for your videos get attacked by the tigers.
