## I STOPPED GOING TO THERAPY- AND STARTED PLAYING ANIMAL CROSSING

I have never really been one to play video games, and though I recognized the game, I was never into Animal Crossing growing up. Having not followed the franchise, I saw a couple of tweets on my timeline about how good the new game was, how someone by the name of Tom Nook was constantly trying to take your kneecaps, and how addicting it is. I downloaded the game on my rarely used Switch, and spoiler alert: It is the best game ever. The premise of the game is that you have to build an island from scratch. You start off in a tent, and expand to a house, shops move in, etc. The second I started playing, I was hooked. I'm sure that my addiction to this game very much has to do with the shitshow that's happening in the world, but I've had healthier addictions, so I'm just gon' roll with this one. Below, I will be posting my favorite memes that I have seen. Though I'm sure most of y'all won't understand these, I hope some of you do, and I hope they make you smile. Sorry lol.

In Animal Crossing: New Horizons, your player has more detailed kneecaps, allowing Tom Nook to easily bash them in after you fail to pay your debt
