## A CAR REVIEW

Okay, so lately I have been so bored, I mean we all are right, so the only thing I can do to leave my house is bump tunes and drive around. It is lit don't worry, but I drive 3 separate cars, so that has inspired me to do a review of the 3 cars I can drive, we have a 4th but it's my dad's and is a stick shift, which is dumb.

Car 1: 1998 Chrysler Sebring Convertible

So, this was my grandparents car which they bought like when 1998 was relevant. The thing about this car is it is the car I had for most of my senior year of high school. I thought it was the bees knees. It is red the roof does retract, however, the A/C is broken, so in the summer months this car is a microwave on wheels. When it rains that sucks because the seats are leather so you have to always keep the roof up. The sound system is honestly pretty good, though a friend of mine accidentally kicked a speaker leading to the cover falling off. It has bluetooth so a win there, and a 6 CD changer for all of you that have a CD collection, though honestly please give up on that it's stupid. Oh! And the car can play tapes which was a thing in 1998 but, so was Mark McGwire and I am sure we all know that guy. Also, my senior year I started just putting in random stuff in the trunk so there are beach towels, a boogie board, a cricket ball, and a bat. Overall, the car is lowkey lit, when it's 75 degrees out, but it makes no sense for someone living in Pittsburgh to own.

8.3/10

Car 2: 2006 Kia Sportage

This is what we in the Poe fam call the Blueberry, but let's just stop this right here this car has seen everything imaginable. I am surprised it still moves it sounds like when someone puts their nails on a chalkboard, so that is no good. You really can't drive it more than 30 miles without having to consult a priest to have god on your side for the journey. But, the two big plusses? Sirius XM radio and bluetooth baby. And the sound system is killer probably the best out of all these cars. However, the knob on the radio fell off and it is so sensitive that you can look at the radio funny and it shuts off. But, the A/C works and it works well.

6.7/10

Car 3: Kia Van

Two things about this car. I have no idea what year it is or honestly where it came from. It is my mom's car and we used to have a purple van and one day I went outside and the purple van was gone and this new silver van was here. It also, sports a huge dent where I jumped and lead my knee into the side of it, that's a story for another day. This car always, has so much garbage in it and it has no aux or BT.

3.3/10

## REALITY CHECK

You are here. The federal government created its guidelines to stay home and not meet in groups larger than ten people on March 16th, 2020. Today is April 10th, 2020. Today is...

# FRIDAY

Just in case anyone was confused. I sure have been.

## SUPPORTING GRANVILLE BUSINESSES FROM AFAR

Back at the beginning of the school year, I wrote an article reviewing Granville restaurants using the metric of how good of a date spot they were for someone you were not actually dating yet. Mai Chau, for me, was the winner in this category and is really the winner in all categories for me, personally. I love that place so fucking much. A Denison student and employee (shoutout EB!) has created a fundraising page via Facebook where you can support the Mai Chau team during this extremely difficult time, and if you're as big a fan as I am, I highly encourage you to donate to it. Link: <https://www.facebook.com/donate/167690980896270/10220099715780929/>

As of right now, I'm not aware of any other fundraisers like the one set up for Mai Chau but a really great thing you can do right now if you have the means is BUY A GIFT CARD!!! This applies mostly for underclassmen who can actually use the gift card when it comes time to return to the hill, or seniors, buy one and give it to an underclassmen!

I grew up in a college town. Chapel Hill was and is a place almost completely defined by it serving as the home of the University of North Carolina. It's a much bigger town that Granville is, but the university is also tremendously bigger than Denison. Point being, I am from a place where the pulse is measured by whether or not the students are on campus, and I have seen firsthand the staggering difference between the restaurants and coffee shops being consistently packed throughout the school year, and virtually empty over breaks. Selfishly, I always looked forward to the summer, where I never had to fight for a parking spot or even wait for a table. Now that I'm older, I can imagine how logistically challenging it must be for those businesses to go from steady cashflow and somehow adjust during the breaks and summer months. Like everyone else, these businesses had zero foresight on this sudden disruption. There was no time to plan. Granville and the people who live there, work there, provided us delicious meals and refreshing beers made Granville our home.

If you have the means, please consider giving back. Much love. -Jax Preyer, managing editor and Mai Chau stan

## PUBLIC SERVICE ANNOUNCEMENTS

ARC tutoring is still available for remote learning classes!

[apps.denison.edu/requestatutor](https://apps.denison.edu/requestatutor)

Request deadline is April 17

## VIRTUAL 1:1 CAREER COACHING

*Schedule an appointment in Handshake!*

[denison.joinhandshake.com](https://denison.joinhandshake.com)

### "Ask a Therapist" Videos

Counseling staff will put out short videos each Friday to answer the questions you have about counseling, mental health, or other topics. Got a question? Go to [bit.ly/denisoncounseling](https://bit.ly/denisoncounseling) or scan the QR code:
