GETTING FREAKY DURING COVID

You've been sitting in quarantine for sooo long and it's been oh so lonely, and now that you're on campus you're ready to get a little ~action~. But uh oh! The silly United States decided to not take the pandemic Seriously! so here's some advice on how to adapt when looking for love-

- Flash them your green health badge to put them in the mood
- Want to try roleplaying? Start with a scene from Chernobyl that includes Hazmat suits
- Wear a mask with a flirty message like, "Single & Ready to Mingle" or "My eyes are up here ^"
- Only hit it from the back
- Wipe each other down with Clorox wipes
- Say, "Hey, how are you actually doing? I know COVID has been hard and I just wanted to check on your mental state. I want you to know that I'm here for you and I love you".
