## LET'S TALK TIMOTHÉE CHALAMET

Today I am inspired to write about my favorite celebrity to ever exist. No wait, scratch that... my favorite person ever. It has come to my attention that this man, THE Timothée Chalamet, is a debated topic. Some people don't get the hype. If you are one of these people, all I have to say is..... I don't get you. I will now share with you some of the many reasons why Timothée is so wonderful.

1. HIS STYLE. Timothée could literally wear absolutely anything and make it look fabulous. Others have tried to look this good, but they have failed. It is the slim-fit suits for me. Also, look at his dress shoes. SPEECHLESS.

2. THE HAIR. Timothée's hair could stop an army. like truly.... let's talk about the curls. Well actually, the picture should speak for itself.

3. THE ACTING. Just watch Timothée in the last scene of Call Me By Your Name and you will know exactly what I mean when I say his acting is sublime.

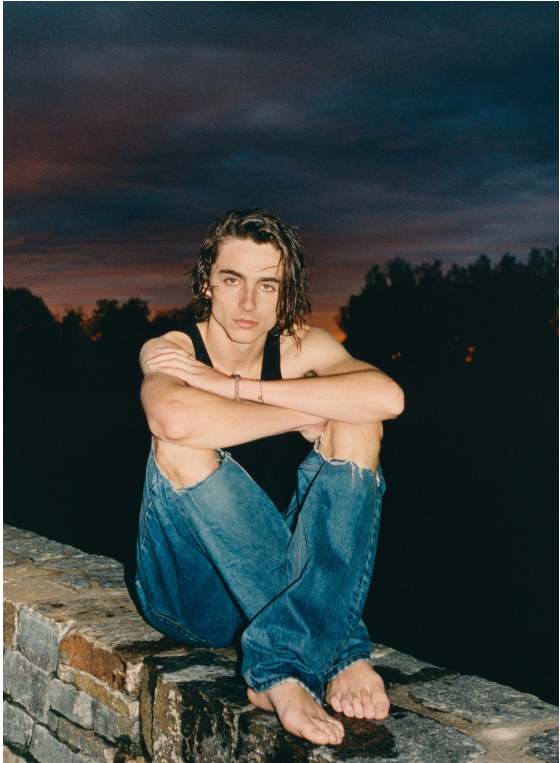

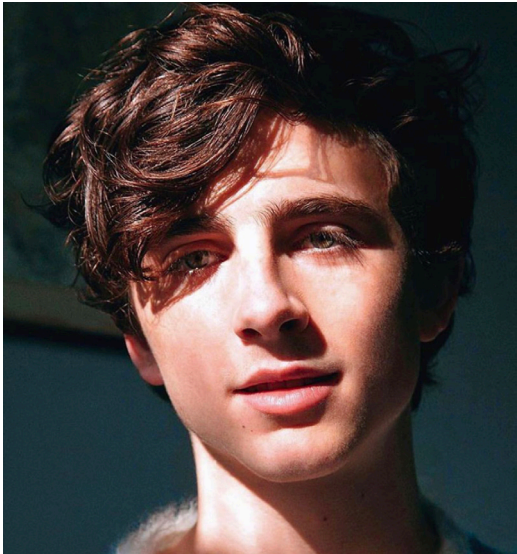

4. THE TALENT. This dude is fluent in French and Italian and he can play the piano and the guitar?! He has no limits. The last thing I am going to say to this point: his dancing in Call Me By Your Name.

*Continued on back.....*

# THE ESSENCE OF PERFECTION CONTINUED.....

5. HE IS A MODEL. Now I must be honest, part of the appeal of Timothée is his looks. It is the jaw line for me. I have heard people say they don't get the hype because he isn't "hot" but that is not what Timmy is going for. He is one of those pretty boys, like a total model. He is beauty, he is grace. If you still aren't convinced, go look at his most recent photoshoot with GQ.

In conclusion, Timothée is quite wonderful. To answer your likely inquiries, no I do not have a shrine to him and no I am not obsessed. He simply just exudes cool. Everyone has a favorite celebrity and he is mine. He seems to be debated for some reason so I need to share with these doubters why he is so splendid. Also, if you watch any of his interviews, you can tell how personable and fun he is. The public loves a humble movie star. Okay, now go watch Little Women.

So we all know about North Quad... well we all at least know where it is..... or at least most of us have heard of it? Well anyhow, I drive past North Quad like everyday and I find that area of campus to be quite elusive. The most anyone knows about it is that the frat houses are there. But there is more than just that there...did you know students actually live in the houses of which the frats reside. Weird place North Quad. You got some quiet housing, some freshmen housing, some frat party areas, and some frat houses turned into dorms. Long-story short, North Quad is mysterious. I wouldn't call it irrelevant (as a whole quad) per say... but I would say that some of the buildings there are quite neglected. So without further ado, I present (don't be offended) a rank of North Quad buildings by irrelevance (1 being the most irrelevant):

- 8. Beta
- 7. Sigma Chi
- 6. Taylor
- 5. Preston
- 4. Schaff (you may be surprised but Dchi is actually in a building called Schaff...)
- 3. Chamberlin
- 2. Sorrow House. Oops no wait I meant Morrow
- 1. Moshier-Huchison
