## BRING ME BACK TO THE YEAR 2000

While desperately trying to think of an idea, I came across a Bullsheel from the year 2000 that used the premise of “Top Ten Scary Things to Do On Campus” as a fun, little Halloween article. I instantly came to an easy conclusion: things got so much worse in those 20 years. I decided to revisit the article, but with a 2020 update.

10.   **2000-** *“Pretend you are at August-O again. And again. And again...”*  
      **2020-** Dream about the awesome study abroad you could’ve done if there wasn’t a global pandemic.
9.     **2000-** *“Live in Shorney.”*  
      **2020-** Live in Shorney.
8.     **2000-** *“Imagine your oldest prof, naked, with honey.”*  
      **2020-** Seeing someone’s roommate completely nude in the background of a zoom call because they didn’t know their roommate was in class.
7.     **2000-** *“Think about graduation and the prospect of being jobless and moving home with mom, dad, and your crazy Uncle Larry.”*  
      **2020-** Graduating into an actual depression... (don’t worry though, those cocky ‘00 seniors were hit by the house market crash just when they thought they were safe)
6.     **2000-** *“Eat a chicken salad sandwich from Slayter after a hefty night of drinking.”*  
      **2020-** Deciding to have the poke bowl from the Spice Station in Slayter and then shiting yourself later that day.
5.     **2000-** *“Skinny-dip in Ebaugh pond.”*  
      **2020-** Gettin caught peeing outside by campo because you can’t swipe into any other residential halls besides your own.
4.     **2000-** *“One word: Doane.”*  
      **2020-** One word: Moonies.
3.     **2000-** *“Shots. Lots of Shots.”*  
      **2020-** Facing the reality that a 14 week straight semester with no breaks may have lead you to having a dependency on alcohol.
2.     **2000-** *“Walk up the hill from the Villa. (after #3, for full effect.)”*  
      **2020-** Getting cuffed by a gaslighting, Indie boy because his comments in your philosophy class seemed really “insightful”.
1.     **2000-** *“Scale the Nobel Nippel of Knowledge. Without a net.”*  
      **2020-** Being in quarantine for Halloween.

# A DEFINITIVE RANKING OF MAD SCIENTISTS

Mad scientists are kinda a vibe. For any STEM majors who are looking to spice up their career after (or during college) here are a few role models that you style your maniacal plans off of. As always, they are rated from best to worst.

## C.A. Rotwang (Metropolis)

Who is C. A. Rotwang you may ask? Only an absolute legend. He is the level of crazy that all scientists aspire to. Has a 20 foot tall bust of the woman he once loved (check), created a robot that can take the form of any human so that he can get back together with the aforesaid woman he once loved (check), instead ends up using said robot to destroy everything that his rival has ever created in a sick play for revenge after he stole away the woman who he once loved (check). What an absolute vibe.

## Dr. Paul Carruthers (The Devil Bat)

I actually haven’t seen this but it popped up as one of the results when I googled “mad scientist” and honestly it sounds hilarious. So basically, this one scientist (played by Bella Lugosi) breeds a massive bat that he uses to kill his employers because they aren’t paying him enough. Talk about aggressive negotiations...

## Whoever the dude that invented Flubber was (Flubber)

What a legend. I want to create a flying car based solely off of the bouncing properties of flubber.

## Doc Brown (Back to the Future)

Doc Brown is kinda just Aldi brand Rotwang, but with a time machine (honestly all mad scientists are just budget Rotwangs). I’m not saying back to the future is a bad film (it’s great) but like doc brown isn’t quite crazy enough for me. Also like how did he manage to steal plutonium from Libyan terrorists? Where did they even get the plutonium from? (that’s a spinoff I would pay to see).

## Victor Frankenstein (Frankenstein)

Absolute coward. Go back to school you loser. Maybe if he was wasn’t so busy romanticizing his relationship with Elisabeth (she deserves better than some college dropout who will never hold a real job) he would have actually been a good dad. But no, he had to go and run screaming out of the room. Booo.

## Faust (Dr. Faustus)

Ooooh, I sold my soul to the devil in order to gain unimaginable power. Wow how cool of you. Why don’t you go back to school and actually work for that unimaginable power like the rest of us, lazy.
