# WHY WE NEED MORE BRECHTIAN INTER- PRETATIONS OF SHAKESPEARE

Not to be a theatre nerd or anything, but a long time ago the youtube algorithm recommended a certain video to me titled "Five Truths: Bertolt Brecht". Now I have been known to be extremely selective with how I curate my social media--I have liked three posts on instagram--but you better believe that Five Truths got that sick, sick like and was also saved to favorite videos because you do not understand the pure majesty of this piece.

Five Truths in general was an art installation that examined the style of famous theatre directors and sounded pretty cool--honestly most of their videos are pretty good. But there is something about the Brecht one that was just amazing. The tragedy, the melancholy, the pure emotion. The music! Honestly I never imagined that one of my favorite songs would be Ophelia singing in a Brechtian manner as she slowly drowns, but it is lowkey fire.

But yeah I just can't stop thinking about how the school should do a Brechtian Hamlet. That or Zimmerman's Metamorphoses in the pool, or Marat/Sade in the round on Reese-Shackleford (like I'm thinking kinda a tableau similar to that of Liberty Leading the People). Idk if the theatre department is looking for a new director or anything, but I got ideas. By golly, I got ideas.

As always, you know how to contact me.

## BIDEN WINS: THOUGHTS & REFLECTION

The world is no longer in full-fledged condemnation. It's time to recuperate and bring about a new moral compass to this directionless country. Behold a new reign! A new man in the big chair, the throne of deception. Crown the man who stands up for the people's rights. Otherwise, we will continue to sulk in defeat as the enemies of the state fulfill their own selfish needs. See the new world, where the minnows roam free and the birds swim in schools. Be a part of the movement--the forward movement--and work to forward the collective onset of the upward march of humanity. Or else! Down with pseudoscience and it's greened out lashes. Don't fall for their tricks! The truth is embedded in falsified claims and Washington Post libelation. To find said truth one must look deep within the secrets of the state. Long live Grisman and his Dawg Music, so that the children of our children are able to bask in the beauty that is the mandolin.
