AFFIRMATIONS FROM BETSY

I've been a big fan of the recently viral instagram account @affirmations. It pretty much consists of very niche affirmations that are meant to be japes due to them all being badly edited. But to be honest, that positivity is the only thing that's getting me through this effing semester. I thought I would give it a try and make some Denison affirmations to help you with things that you might normally be nervous about on campus. Listen! This should be *just* enough fuel to get you to spring break...oh wait... :/ I promise if you read these and truly believe the statements that you're reading then they WILL come true. Feel free to cut them out and share the love with your dismal friends.

Don't you worry, there is plenty of more affirmations on the back!

I THINK I MIGHT BECOME A GURU!
