WHICH PRISON CONTRABAND ARE YOU?

1. It's a COVID-free Friday at Denison. What's your first move of the night?

- A. Stay in and watch the time pass by slowly until it's 10:30.
- B. Get ready, pregame, and go. You have this down to a science.
- C. Crash 3 pregames before spending 20 minutes at the actual party.
- D. First move of the *night*? You started this afternoon...

2. Quick! Your friend just puked in public and campo is coming. What do you do?

- A. Text their roommate and carry them back to their dorm.
- B. Get some Gatorade in them and keep trucking. The night is still young.
- C. Find the nearest bathroom, give them some water, and wait until the storm has passed.
- D. You are the friend. There is nothing you can do.

3. You see an old flame approaching you at the party. What's your immediate reaction?

- A. Give a quick wave before chugging your unspecified beverage to pretend that didn't happen.
- B. Meet them halfway and strike up a conversation. What is there to lose?
- C. Disappear into the crowd before they can get to you. Hide.
- D. You WOULD have asked to hook up, but they actually turned away as soon as they saw the dried vomit on your shirt.

4. The crowd has thinned and everyone's heading home. What about you?

- A. You left thirty minutes before.
- B. What! No! Bring the group you came with (as well as the group you just met) to Slayter. You are getting everything you can out of the weekend.
- C. You left thirty minutes before because you were bored. You've been in bed trying to eat the same cup of ramen for 15 minutes.
- D. Even though you don't know where you are, your friends do. All you know is that flat surface over there looks real comfortable...

Answers on back!

A: If you answered mostly As, you're a shiv. Much like a shiv, you like getting shit done quickly and effectively. You're sharp and witty, but sometimes you go too far and hurt those around you (emotionally or physically.) That said, you're a great leader because people fear you so much! No, really...they're scared. You win some, you lose some. Beneath that sharp-edged exterior, though, is a heart as soft as a heavily worn piece of cloth.

B: If you answered mostly Bs, you're a cellphone. You've never shut up in your life because you're convinced everyone wants to hear what you have to say (guilty!) However, you're the most outgoing among your friends, and always fun to be around. Your energy is unmatched until it's the end of the night and you're on 5%. You love making memories and enjoying life as much as you possibly can on a planet currently going up in flames.

C: If you answered mostly Cs, you're drugs. Like everyone, you love a good party, but you're better than most at staying elusive and being the mysterious Gatsby type. People both want you and want to be you! You're selective when it comes to who you interact with; this world is full of some snakes, and you can't trust just anyone. Your paranoia and aloof attitude are both your downfall and saving grace.

D: If you answered mostly Ds, you're hooch. You're a wild card to say the least. No one knows what to expect when it comes to you; everyone loves and hates you. After you gave everyone emotional food poisoning, your peers are definitely wary. But who doesn't love a hot mess? Authority figures are NOT your cup of tea, but you are loyal to those closest to you. Just be careful of how you walk, talk, and act in public and maybe you'll be okay. Take it easy though...
