## AFFIRMATIONS FOR WRITING YOUR BULLSHEET APPLICATION

So you want in on the Bullsheet. I know it. You know it. Whineburg knows it. The deer who stared you down this morning on your 8am walk to class know it. The Slayter employee who made your coffee for you and pretended not to notice when you creamed your pants reading the latest sheet *definitely* knows it. And who could blame you? Poor, naive, small and dumb little you. We flex our lavish and pompous lifestyle every day, for your reading enjoyment. You've seen our highs, our lows, but mostly always highs. Our lows are just your highest highs, really. You hide behind corners when you see one of us walk by on campus, because you just don't know what you would do if we happened to wave hello. You analyze and annotate our articles with color-coded sharpie, breaking it down line by line, eager to figure how it could be possible to be so damn funny. Nice try, kid.

# FICTIONAL FROGS: DO THEY FUCK?

I know that not all of these are frogs, some of them toads, now that that's out of the way please shut up so I can tell you which frogs fuck.

**1. Mr. Toad (The Wind in the Willows):** This dude absolutely fucks. Not only does he fuck, he Genghis Khan level fucks. Like 90% of the children in the area around toad hall are his spawn. Man is basically a Himbo, narcissistic, handsome, skilled with the blade, but dumb as a bucket of bolts. He's always either swinging from the chandeliers or going on a wild ride

**2. Frog and Toad:** Oh, these fine fellows fuck. We all know the real reason why Frog rushes over to toad's house and wakes him up a month early. Some things just can't wait for spring.

**3. Cha! Cha! (Rainforest Café):** Oh, he fucks. One doesn't get to be the mascot of Rainforest Café without some thunder in the jungle. The question is just who he fucks (my money is on Bamba).

**4. Froggy chair:** If it is possible for a chair to fuck, then this chair does.

**5. Pan's Labyrinth toad:** Fuck no. There is definitely some Freudian analysis that could be

## JOSH POE HATES COFFEE

It seems like everyone these days has a physical attraction to coffee as in they would literally die to obtain it, it is a literal gemstone to people. And I gotta be honest I don't get it. I understand the drinking of coffee in the morning as a way to wake you up and get you ready to go...I GUESS. But, what I just can't get behind at all is drinking it in the afternoon as if putting a burning hot liquid in your body at 3:45 pm on a Tuesday will help you...IT WON'T. I understand drinking it if you were cold but if you follow that logic just drink hot chocolate, tastes a million times better than coffee cause it is chocolate. And thats the real thing I don't get coffee tastes horrible like literally drinking coffee is like drinking burning acid and I am sorry that is so harsh but it had to be said. For me personally my drink of choice is water, but also I really love a good glass of lemonade I feel like a excellent glass of lemonade is hard to come by. But back to coffee, if you drink iced coffee I am even more confusing because like the whole purpose of coffee is so it is warm and so if it is cold what is the point. And it is like some religious following with coffee, like that is a personality trait, which is weird. I don't say to my friends I am not the same till I have my bottle of mountain dew code red. I could easily make that a personality trait like get a giant jug just to drink mountain dew code red out of but I don't cause I am not a psycho, but these people carry around giant coffee mugs like it is their child. I am all for you drinking what you want it is a free country but just be normal about it and drink it at the right times, morning and night, drinking it at 3 pm on saturday is strange. Finally, coffee dates are weird do something cool like a mini golf game or bowling or go to the underground catacombs in Paris. Going for coffee as a date is extremely lame and makes you look like your 46 and we all don't want that.
