HEY DUDE, WE'RE HIRING AND YOU MIGHT BE A GOOD FIT

Hey it's us: James, Jack, and Betsy. We're having a good time editing this and we feel like someday you potentially could be having a good day editing too. We want new staff since we've run out of ideas a long time ago and rely on other people to have original thoughts and write stuff for this long piece of paper. Jack wants to write a paragraph so here goes:

Hey boys and girls, it's me, Jack May. I don't really want you on staff but if you think you want to apply feel free to apply! We need fresh meat because Emma and Josh both suck. Apply! Betsy thinks you should, too. We will read your application and laugh. Haha! Haha! Haha!

Betsy wants to write something so here comes Big Bess:

Hey you guys! I hope everything is well, I really truly think that if you feel like you've got some good lingo and you would be a good fit for the sheet you should apply! It's worth a shot to put yourself out there and to be completely honest, I would really love to meet you, I don't know about these other d*ckw*ds but all new folks are welcomed in my eyes! xoxo

STREAM OF CONSCIOUSNESS

I'm tired of the entire process of applying to summer jobs. Every student is embellishing every aspect of their Professional and academic career, and most jobs are intentionally misleading about the position they're offering. I'm sick and tired of pouring my heart and soul into a job application only to find out that the employer lied about every aspect of the position and i'm applying to the biggest scam known to mankind. I'm not the best student but I have respectable GPA and major and I feel like I'm shoe-in for some job, somewhere. All I want is a respectable job with some form of pay. That's not too much to ask. I'm willing to settle for the greasiest apartment in the middle of fucking nowhere, but apparently, mans can't have shit in this economy.

I AM NOT A GIRLBOSS

I'M SORRY... GIRLBOSS INQUISITION

Hey y'all... Rumors have been going around and I feel like this is the closest thing to the Notes App that people will actually see. People have been talking about me and I NEED to publicly address this topic.

I am NOT a Girlboss.

I know people see me and they're like "Oh my god they're so hot/ sexy/ cool. They are a double major and do *list of extracurriculars*. They're so put together and have amazing style, they HAVE to be a Girlboss". I am here to tell you that while yes, I am a narcissist and my dad committed fraud which absolutely makes me genetically predisposed to BE a Girlboss- that is very much a line I would NEVER cross. I actually think it's unethical to use that term because of the word's historical ties to famous Washington women who commit war crimes. Which I'm sure if I get successful enough that I will definitely try to dabble in but, as of right now, that is something that I don't really have time for.

To help you all out, I have diligently come up with a list of alternative names that I can be addressed by if you really want to compliment me behind my back. If you send me an email calling me one of these, I will definitely accept whatever random invite you have to join Women in Business or EmpowHERment or the Biden-Harris Administration.
