## EAST VS. WEST FRESHMEN, A TRAGEDY

Two sides of campus, both alike in filth and wretchedness,  
In fair Granville, where we lay our scene,  
From senior grudge break to new mutiny,  
Where freshmen blood makes freshmen hands unclean.

From forth the fatal loins of these two factions  
A pair of first-year lovers make the hike;  
Whose treks to and fro across campus  
Only hastened by their sexy cool bike.

The fearful passage of their .5 mile long walk,  
And the continuance of their quiet hours',  
Which, but through their CA's rule, nought could remove,  
Is now the ten minutes' nightly traffic on our campus;  
The which if you with patient feet tred behind,  
Shall not miss their needs for hookups to thrive.

## RATING BULLSHEET OFFICE DECOR

Ever wonder what the Bullsheet looks like behind closed doors? What lies behind those cardboard cutouts of President Adam Weinberg? Probably not. Bullsheet HQ is the Denisonian's former closet, but we make do with the very little space and money we're afforded. To make our 10x30ft rectangle feel more homey, staff members over time have collected and displayed their prizes. Here is a list of some decor, rated by me:

- 1) Two colorful bird, feathers, possibly of parrot origin, stabbed into wall. I'm biased towards feathers though.
- 2) Magnetic ladybug windchime. So cute that I might just steal it. (No one touch it until I make up my mind.)
- 3) Rectangular glass award with frosted "2009 Relay for life of Denison University, Highest Fundraising Team" inscription. The Bullsheet has always been known for its philanthropic efforts.
- 4) 50+ bags of Smartfood cheddar popcorn, courtesy of ??? We seriously have so much it's spilling out of our filing cabinets.
- 5) Photographs of long gone Bullsheet staff. Wonder how old and haggard they are now? Can't wait to be one of those forgotten faces.
- 6) Parking/Traffic citation. F the system! I pay enough to park where I please!
- 7) Various foodstuffs, leaves, and tampons pinned to the walls. SO fun and festive.
- 8) An extra Mac computer that doesn't work. Maybe we could pawn it for printing funds?
- 9) The Jouch. There are likely multiple organisms growing within it's cushions.
- 13) 75% empty spoiled milk that has been in a lukewarm mini fridge for god knows how long.
