COMMUNITY ADVISOR CLAIRE ANDERSON'S CREDIBLE ADVICE (CACACA)

As a CA, I was on the front lines watching every single first year move their illegal AC's into the finest residence halls Denison has to offer. These little freshies have survived the sizzle, forming a human 25 behind Slay, and their first night on the beach and now suddenly think they run the place! Well listen up punks, if you wanna make it big here you gotta abide by some social expectations. My pointers are guaranteed to get you a bid in Phi Kappa Delta Theta Lambda Gamma Pi and you DON'T want to screw that up...

Throw out your shower shoes. No one actually wears them here. Denison is a super accepting barefoot community and we're not gonna build covid immunity with shoes!

Watch tiktoks at full volume when in public. Believe me when I say everyone wants to hear that text to speech voice blaring over a kid laroi song

Walk in brigades that stretch the entire walk way. This one is just common courtesy honestly.

Audition for the Burpees.

Participate in the daily scream! Every day at noon everyone on campus stands up and just lets it out. You don't want to see the glares you'll get for not joining in.

Say things like "that's so money" and when people ask you where you're from just say Chicago, it's close enough.

Trash cans are just a suggestion. Drop that crushed Truly can wherever you effin please. This goes for trash cans in the bathrooms, too. Throw anything but paper towels in those bad boys (Your extremely unappreciated building service associate who is a real human being that has to clean up after you on a daily basis will thank you).

Don't pick up your laundry on time. All the cool kids wait at least forty minutes after the wash is done to throw their soggy pile into the dryers.

I think that's all I got! Try these out for yourselves and let me know how many friends you make:)
