EVIE W: MAKING A MURDERER..

Desperate for submissions I reached out to our staff for anything they thought was at least somewhat interesting. the following is a transcribed phonecall, I had with co-worker Evie Waters reviewing [REDACTED] (some portions may be altered for clarity):

EW: I was about to buy an electric guitar, it's pink. i used to know how to play american pie on acoustic guitar so I think that will transfer. *sings* "bye bye ms amrica pie" - (phone crackels then cuts off)

(the phone cuts back on) -today i went into john lenons death scenes, jon benet ramseys basement, oj simpson house. gonna pay for it because then i can go to the crucifixion. then...most people werent excited about this but i really was...jeffrey epstein jail cell. and it was like "was it a murder or a suicide?" I can send you pictures right now. Here are pictures of me at john lenons death scene.

It shows the dead very graphic. they even got biggie and tupac. its like really fucked up kind of cool. like i wanna see jeffrey epsteins so baddddd the point of the game is to literally you have to opne up a door and then you have to physically walk through. BIG's death scene.

And theres a part were you go to unsolved cases and theyre all unsolved cases

Francie is right now, cuz its kind of fucked up

5 stars for the experience, 5 stars for the fucked up

(phone crackles hard and comes back in) i used to know how to play american pie on acoustic guitar so i think that will transfer..... *sings* Bye bye ms america pie.....
