WENDY'S DRIVE-THRU ETIQUETTE

1. Don't steal the big signs between the windows. It's tempting, I know, but they WILL ban you from every location if you do.
2. Make direct eye contact in the drive-thru for as long as you can. If you're able to establish sexual tension with the window attendant, you get \$5 off your meal--if they interpret it as a threat, however, you will have to crawl through the window and fight them there on the kitchen floor.
3. Don't ask if Wendy is single because she's not and you'll never get to mash meats with her.
4. If you ask about Big Macs, they will activate the explosives under your car.
5. Feel free to ask about their Frosties but don't expect an answer. Do, however, inquire about their meat's anti-aging properties.
6. Prepare to make your order and converse with the drive-thru attendant through riddles and tongues.
7. Make sure your license plate is covered at all times
8. If you go everyday for three months, you will be served a restraining order.
9. Don't go inside. Don't you dare go inside.
