WHO WOULD WIN IN A RACE

Alright, listen up. Remember in elementary school when the coolest kid in school was just the kid who ran the fastest? Why can't we bring that back? Here is my official ranking of the coolest people at Denison based on who I think could run the fastest. To be fair a lot of these don't involve actual running but whatever.

- 1.) **Jakob Lucas.** The kid just looks fast
- 2.) **Guy in golf cart.** Cheating but still cool
- 3.) **Professor Rudd.** This guy RUNS runs, Facebook group and everything. Big trailrunner and big chiller
- 4.) **Deer (with antlers).** The antlers make them more aerodynamic.
- 5.) **Usain Bolt.** Doesn't go here but I feel like he'd be speedy
- 6.) **Tesla.** Okay every year I've been here I've entered the stupid Tesla test ride raffle and I NEVER hear back from them is this like some Denison-run scam?? I have literally in the past 4 years gone from thinking Tesla is kind of cool to hating Tesla and I STILL haven't heard of anyone winning the test ride. Speak up Denison
- 7.) **Anyone with an electric skateboard.** No further comments

MEGAMIND SEQUEL: WTF

Alright guys, so I'm pissed. I, like many others, have been waiting patiently since 2010 for a sequel film to DreamWorks' beautiful masterpiece, *Megamind*. For those of you out of the loop, *Megamind* was a hit animated film about a blue alien supervillian (Will Ferrell) and his epic ongoing battle with beloved superhero Metro-Man (Brad Pitt). The film also stars David Cross, Tina Fey, and Jonah Hill, and it's so so so so good guys seriously.

And then, one fateful day, it happened. The announcement was made.

And my heart was broken.

The sequel will be a television series, streaming exclusively on Peacock, that follows Megamind as he tries to become a superhero social media influencer. It is not confirmed as to whether the original cast will be returning.

What. The. Fuck. DreamWorks.

No one watches Peacock and this sounds like the worst plot for a sequel ever.

But whatever, I guess Incredibles 2 sucked too.
