## STU 2 U: A DENISON REVIEW

Due to the increased number of prospective students touring campus this time of year, Denison students are starting to feel a certain obligation to advertise this college as one of high integrity, one that values character and work ethic and one where students can explore themselves to find their utmost potential. So I have devised a few tips and tricks to portray our Denison student body as one that is different from all the other small liberal arts colleges:

1. Make sure to greet every single man, woman, person, and child in a tour group with a firm and striking hand shake to make sure that they feel welcome on the hill that we call home. (For extra effect, make 5 seconds of piercing eye contact to let them know you really are the real deal)
2. While walking by a tour group, obnoxiously exclaim how wonderful the long walks up and down from Granville are that you have to do 13 times a day.
3. If you see a tour group coming your way make sure to fix your posture and walk with purpose to convince everybody that yes, you have someplace to be.
4. Wave at the tour guide and ask a thoughtful yet somewhat shallow question about “how their day is going?” to show that we care or “if they enjoy their class on contemporary Swedish fashion and its effect on European cultural norms?” to show the academic complexity of a liberal arts education.
5. Finally, if you are too nervous to do any of these, you can simply tell the tour group how amazing the Slayter fries are, which will at the very least communicate the quality to which the food at Denison is prepared.

# ANIMALS SMOKING DURRYS

After scouring my camera roll for a decent picture to put in today's Image Box, I stumbled upon a gem that led me into an entire gold mine: the "Animals smoking Durrys" Facebook group. What's a Durry? A fat fuckin' dart (a tobacco cigarette, for those not in the know.) I've collected some of my favorite posts with their original captions to give a quick taste of the full four-course meal you could enjoy, accompanied by a short review.

*"motherfucker is absolutely buzzing after taking a fat drag. fella has gone and fully sent it."*

His rolling skills look a bit lacking but what can I say--impressive little man could even roll something that size, being more than 2x the size of his body!

*"Classy bitch on a hot date"*

Caption says it all. Absolutely graceful pose with a durry and drink to boot. This is a independent, working woman who knows what she wants and deserves.

*"This creepy cunt is absolutely fanging for a dart"*

Spider is a bit too big for my liking, not going to lie--points off for that. But I'll be damned if he's not chuggin' that thing.
