## URNING A LIVING

In an interesting turn of events, this Thursday night I spent around an hour (tracked by my roommate) researching urns. Why? Why not. Here are some of the best urns that I found:

**Froggy Urn**  
Nice, stylish. He kneels expectantly. What a lovely man.

\$800.00

**Funny™ Urn**  
Are you a little edgy? Do you like humor and death? Do you watch black comedies on the regular? This is the urn for you.

\$54.95

**Ebay: Wild Horses Urn - Cremation Urns for Human Ashes Adult for Funeral, Burial, Niche, or Columbarium Cremation - Urns for Adult Ashes - Cremation Urns**

It's for humans, sheesh.

\$220.98

**It's all about that Bass**  
This reminds me of that "big mouth Bass" thing that you could hang on the wall and it would sing at you? My sister had one.

\$585.00

**Multipurpose kitty cat**  
She is beauty and she's grace, she will patiently wait... cause this gal is multipurpose. Go ahead and buy her now, use her a cookie jar until its your time.

\$120.14

# FRESHMAN DISORIENTATION

**Apremeya Sudarshan** puts salami slices over their eyes before they sleep at night. **Mackenzie Sullivan** has four large pots of chili under their bed in case they need a snack. **Erik Sundgren** can't handle spices, including salt and pepper. **Philip Suppes** has 911 on speed dial at all times. **Brooke Surbaugh** is afraid of horses after looking at one in the eyes for too long. **Karl Svalin** says they're from a major city but actually lives in the suburbs 40 minutes away. **Kade Sweckard** likes to lick salt blocks to calm down. **William Symonds** wants to tell you all about the podcast they just started and—wait, where are you going? **Cole Tatro** thinks yellow peppers are better than red peppers, which is objectively wrong. **Robyn Taylor** doesn't actually go here, they go to Denison-Newark. **Harmony Taylor** is the sixth secret member of Fifth Harmony, the one that they don't like talking about for very good reasons. **Katherine Teates** just wants to know what's inside the Impossible Burger. **Ethan Tecson** from Tucson, Arizona. **Kayla Tehrani's** favorite color is pink, but they're colorblind. No one has the heart to tell them they've been buying grey clothes in bulk. **Owen Tekelenburg** recently gained telekinetic powers but can only lift small living animals. **Kybaree Terry** has won multiple Grammy awards but is really humble about it so like don't make a big deal about it guys, seriously. **Justin Tharayil** takes their vibes seriously. **Klara Thelusma** is a CGI generated being, projected by multiple drones disguised as turkey vultures.
