DCGA, EH!

Hey folks it's your washed up former president here again with another DCGA update nobody asked for. Sorry I didn't publish last week, I was on a Bluegrass bender. I still have banjo ringing in my ears and honestly, I'm not mad about it. President Pan's "fireside chats" were very successful. The only thing that could've made them better was if there was an actual fire to be beside. However, that risks burning the Nest down and losing buffalo chicken mac n cheese and that is a risk I am NOT willing to take. One of my responsibilities as an experienced Senator is to mentor new Senators. Policy Chair Murphy is requiring every mentor to submit platforms to be matched mentees so here is mine:

Increase the amount of Denisons locally sourced food. A greater share of food should be sourced from on campus. Specifically, we should send the Denison Libertarians to

hunt the Deer on campus and use the Venison as the meat for the spice bowl! Start a Fortnite Club to get university-funded battlepasses. Why should the Football team get uniforms but the distinguished Fortnite gamers on our campus get nothing! This is bullshit!

Give students placed on academic or disciplinary probation the chance to receive amnesty through trial by combat.

Last week, VP Miller came to talk to us about the Student Life strategic plan. One of the key points was reorganizing the way we do dining on campus. He said that they are looking into ways that more off-campus food could be made available on campus and even floated the idea of an on campus Taco Bell (as if Huffman hasn't wrecked our bowels enough). If that ever happens, an upgrade in Denisons plumbing should be included in the strategic plan as well. The Senate kept voting to amend the schedule and add time to Dr. Millers Q&A (he didn't seem to like that lol). If Dr. Miller ever did something to piss off DCGA (which would never happen because Dr. Miller is a gem <3), DCGA could hypothetically invite him for more Q&A, continually amend the schedule to add time, and keep him trapped in DCGA purgatory for eternity. I wouldn't wish that on my worst enemy but its hypothetically possible.

PLEASE HELP

I have recently come into the possession of a very large box. I'm talking 4 feet by 3 feet by 5 feet. My roommates and I can all fit in it comfortably at the same time. However, we are at a loss for what to do with it. It could be so many thing! A spaceship! A Transmogrifier! A refrigerator! A box! Currently it's a thing taking up space in the middle of the hallway!

What do you think it should be?

Please E-mail your responses to kelsey_w1@denison.edu. I will cook dinner for the winner and then read them my favorite poems while the sun slowly sets, painting the world in an amber glow. The wind will ruffle our hair and I will laugh silently and then bat the camcorder out of your hands. "you're so silly!" I will say and then the camera will cut to me looking at you, gorgeous and unreachable in the great whit blankness of your bedroom sheets. I will smile at you bashfully and then leave with just my shirt and underwear on (hair falling gracefully about my shoulders). I will die tragically. You will spend every night after that at the whisky bar drinking away your sorrows. An Indie film director finds you and forces you to star in their film about a jaded former box designer who through the power of adopting a
