WHAT YOUR DORM DECOR SAYS ABOUT YOU

Dogs Playing Poker

I have no idea when or why this poster was created, but I know that it feels as if it has existed for all of time. If you have this poster you like the classics. You are an academic. You finish books in one sitting, you listen to NPR. Simply put, you have great taste for the finer things in life.

Kanye Tweet Tapestry

There is no easy way to say this, but the Kanye tweet tapestries have a life-span, and I think we're nearing the end. There is no way a tweet from one man can be funny to look at for more than a year. Also half of them are fake, Kanye never said that about Stormy!!!

Black Light Poster

Having one blacklight poster is a little corny, but having an entire blacklight room? That's art. If you have one of these bad boys in your room you love to chill and you really want people to know that about you.

Whiteboard Calendar

You came to Denison ready to crush it. You're a go-getter and you use a calendar. You set the whiteboard up above your desk and got to work filling it in and adding important dates for August, and that is how it will look until you wipe it off before winter break. If you have this I'm assuming you got good grades in high school.
