Today we’re taking a leaf out the ol’ Bullsheet application page, putting our money where our mouths are, and coming up with our own couch-inspired haikus.

20 LIFE LESSONS I’VE LEARNED

Christine Trueh, old soul

In my early teenage years, life after 20 seemed too far away to even fathom it. Now that I am officially 20 years old (halfway to 40), I have gathered all the important things/life lessons learnt over my life so far, and here’s 20 of them.

Lesson No. 1: People like grapes.

Lesson No. 2: DENY! DENY! DENY!

Lesson No. 3: When in doubt, pinky out!

Lesson No. 4: Root Beer is disgusting

Lesson No. 5: Don’t live your life trying to please others.

Lesson No. 6: COMPLAIN! I love doing it. Of course, there is someone worse off than you, but remember—there’s ALWAYS someone doing better than you as well.

Lesson No. 7: Don’t let men gaslight you, that’s actually dumb.

Lesson No. 8: Always hit 55 seconds on the microwave instead of 1:00 to maximize efficiency.

Lesson No. 9: Caterpillars are evil.

Lesson No. 10: Stop caring what everybody thinks, it’s actually a waste of time

Lesson No. 11: Licking doorknobs is illegal on other planets.

Lesson No. 12: If you don’t laugh, you’ll cry so...laugh now, cry later.

Lesson No. 13: Invest in a high-quality toaster.

Lesson No. 14: The secret to success: Never admit you’re wrong, even when you are. It’s not about being right; it’s about sounding right.

Lesson No. 15: Don’t kill the friendly rats in your kitchen, they will help you cook a gourmet meal.

Lesson No. 16: Just say, “no”. And don’t elaborate.

Lesson No. 17: Don’t lend anyone money.

Lesson No. 18: When they go low, you go to hell. Don’t feed into a toxic forgiveness mindset—just get revenge.

Lesson No. 19: Don’t trust everyone that’s nice to you.

Lesson No. 20: screw men, get moneyyyy!!!

FRIDAY HOROSCOPE

Ella Buzas, Junior Writer

ARIES

Call your parents and tell them how you're doing. Maybe they'll tell you "That's life!"; but they also may cut you a check. Be brave.

TAURUS

When was the last time you went to office hours? Go tell your professor that you love the class. Who knows, it might get you a bonus point or two!

GEMINI

Get a sweet little treat for both of your faces, Gemini! Even if you don't deserve it, you deserve to gaslight yourself into thinking you do.

CANCER

A romance is in your near future, Cancer. Every time they think of you, they think of that time you almost broke down because you saw a sad TikTok. In a cute way.

LEO

Leo, I am seeing a stellar Halloween costume for you. You and your best friend should be an angel and a devil- I truly don't see it enough around here!

VIRGO

There is some conflict in your life, right now, Virgo. I don't know what it is, but I do hope you get it figured out.

LIBRA

HAPPY BIRTHDAY TO YOU! It's your season, baby! Use those Big Red Bucks to get yourself something nice from IGA.

SAGITTARIUS

Spend some time in nature today. Watch the leaves change colors, write some poetry, read a good book. (Make sure you vlog it all, though, and post it to all of your social media accounts. And make sure to get your good side! And look like you're reading, but not too hard. Fix your posture. Great!)

CAPRICORN

I know it's a bit premature, but start thinking about your time to strike when all of the candy goes on sale after Halloween. There is such a small window, but with your planning abilities... maybe you can get there within a week!

PISCES

All of your hard work will pay off. Maybe not, actually. But if you believe that it will, then it will! Unless it doesn't. Keep working hard in case it does.

SCORPIO

You fiery soul, you. The moon is actively reflecting light from the sun, which means you're about to enter a time of change. This is vague so you can apply it to yourself in a way that is meaningful to you. No other reason.

AQUARIUS

What kind of spooky, scary skeletons are in your closet, Aquarius? Keep them in there, but make sure to dust
