"GRANVILLE'S POOPY POOPY NEWS"

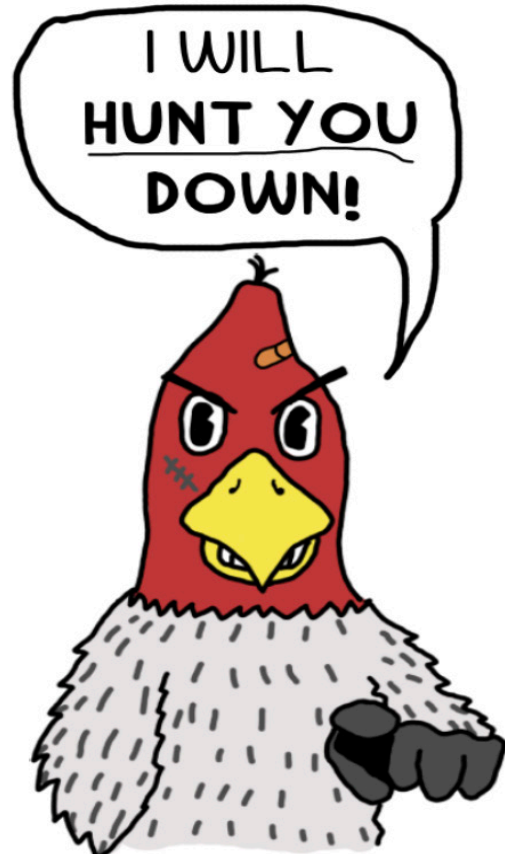

Vol. XLIV, No. 86

DEAR DENISON'S PR TEAM

Tatum T,
Junior Writer

This whole Denison seal situation needs to be fixed ASAP.

The seal has lost its aura! One of the first things that we are taught as freshmen from the upperclassmen y'all pay (the equivalent of) 2 Little Ceasers pizzas an hour is that "if you step on the seal you don't graduate, walk around the seal so it won't happen to you!" And unfortunately for you, PR Department, ever since that day, I've seen things happen on the seal that's 10x worse than it getting stepped on. When I saw things like mustard and pickles laid about on the seal I knew right then and there that whatever you guys are doing wasn't working. The thought of not graduating doesn't strike enough fear into the hearts of the student body to not step on this magnificent piece of ground decoration. So I took it upon myself to make a new system that would hold Seal Steppers accountable for their actions. To get a better grasp of what I am going for please look at the poster (made by yours truly) below.

**STEP ON THE SEAL
CATCH BUZZY'S HEEL!**

The idea here is that Buzzy is so protective of the seal that he will aggressively walk over Seal Steppers the way they walk all over the seal. Choosing this public domain character on the left was by design. One of the nicest buildings here on campus is only here because of Micheal Eisner and Eisner wouldn't have got the cash to donate such a nice building without that lil boat mouse named Mickey. This effectively shows how new Buzzy will stomp out any Seal Stepper no matter who they are, even if they are Mickey Freakin' Mouse!

As good as this flyer is however some people may still not be convinced. They might see this and plan on becoming future Seal Steppers themselves so we have to take things to the next level, things have to get physical! Just to be clear Buzzy doesn't actually need to stomp out Seal Steppers, he just needs to LOOK LIKE he is. My solution: Every day during the 1st week of the semester we put a pro wrestler in the Buzzy suit and get other young pro wrestlers to pose as students to deliberately step on the seal. We'll tell the wrestlers to cry out "Okay I won't step on the seal!" as the guy in the Buzzy suit is stomping them out. We tell nobody that what they just seen happen 20 times to 20 different "students" that week is fake and nobody would step on the seal again for fear that Buzzy will find them. We could even pay some kids to talk about the beatings and make a couple of YikYak posts about them to seal the deal. I think the legend of Buzzy beating up people who step on the seal could open up ample opportunities in the merch too. Growing up in Columbus Ohio I saw Brutus Buckeye everywhere and unfortunately, Buzzy isn't seen on ANY Denison merch. Imagine a campus full of people wearing a shirt with the Denison seal on the front of it and on the back of it there's a drawing of angry Buzzy that reads "Watch Your Step!". It would undoubtedly be the shirt of the year and sell out instantly.

Okay PR Department that's what I have to offer you - that was my pitch. If you would like even more ideas like the ones above please don't hesitate to reach out to me so we can negotiate pricing! :)

All the best,
Tatum T

POP-TART RANKING

Mick Smith,
Head Writer

5. Hot Fudge Sundae

This Pop Tart makes your teeth feel like they are dissolving out of your mouth. This pop tart is slammed full of sugar. I could never eat this Pop Tart now, but when I was a kid I loved it. I would eat these for dessert on rare occasions and even then it still made my teeth hurt a bit. If you want to feel like you have eaten an entire halloween sized bag of candy, go buy yourself one of these bad boys.

4. S'more

This Pop-Tart is similar to the Hot Fudge Sundae. I used to get these for dessert on rare occasions.. This is the most capitalist approach to an outdoor snack. S'mores are supposed to be something that kids eat around a campfire when camping in nature. But why not just slap that into a premade "breakfast" treat for kids. All that being said, these were fire when I was a kid.

3. Frosted Raspberry

These Pop-Tarts are remarkably forgettable, but every time I had one I was like "Damn, this is pretty good". I'm putting these in the third best because it delivers what the average customer is looking for in a Pop-Tart. This is the most middle ground Pop-Tart you can get.

2. Frosted Brown Sugar Cinnamon

This is a love it or hate it kind of Pop-Tart. This Pop-Tart either has people buying them by the boxes or saying that the taste makes them want to kill. For the people that believe that this Pop-Tart is "too dry", grow up. These Pop-Tarts are killer.

1. Strawberry

The people's champion. The strawberry Pop-Tart is the undeniable best Pop-Tart. These Pop-Tarts remind you of the old good times, lock you into the present, and give you hope for the future.
