THE CASE OF THE DENISON PISSER

*Christine,
detective*

The mystery still unfolds.

As one of Denison's only detectives on campus, it has been revealed that there is a pisser among us!

There have been whispers on campus, rumors swirling around on YikYak and word of mouth. Some claim it's a vendetta. Others believe it's just an act of rebellion against the lack of bathrooms in the library.

One thing is for sure. The crimminal is still out there. Taunting us.

As I sit here in the bullsheet office, sipping on a half-empty cup of coffee, pipe in hand, the stench of failure and urine fills the air. The campus pisser has outsmarted me at every turn. No amount of sleuthing has led me to the culprit.

After combing through security footage, I found no signs of the suspect. How could I? Our campus security cameras are busy focusing on parking ticketing.

I thought I had a breakthrough when I found a trail of...well, 'evidence' near Ebaugh. But no, it turned out to be a spilled bottle of apple juice. Nothing but a simple, unpunctual drinker. I've examined all the clues and yet, my manhunt for the leaker has come to **NOTHING**.

But as any good detective knows: **persistence is key**. The suspect is still afoot. And believe me, I won't rest until I've flushed this case wide open.

My dear friends, fellow classmates. I need your help. If you have noticed suspicious leaks or seen anybody looking a bit dodgy, please report it immediately. Let's put an end to this nightmare before he stains us all.

EVALUATING CHELSEA'S 74 CHARGES

Christine Trueh,
detective FA board member

As of last week, breaking news has been released that Chelsea FC has been charged with 74 charges by England's Football Association (FA) committee. As a Chelsea fan, a Bullsheet editor, a detective, AND a FA board member, I need to do my due diligence and offer my fellow football fans at Denison some clarity.

No matter what other news sites are telling you, I know exactly what Chelsea is guilty of, so here's a breakdown.

Charges 1-8: A couple of dodgy dealings behind closed doors.

Charges 9: The Lukaku Interview...

Charges 10-12: Swindling Arsenal FC every transfer window.

Charges: 13-15: The 17/18 summer transfer window

Charges 16-17: Loaning Courtois to Atletico Madrid to help them knock us out of the Champions League.

Charges 18-24: Finising 10th after winning the league during the 2015-16 season.

Charge 25-30: A charge for each goal conceded against Arsenal in 2024 (*most embarrassing game of my life*)

Charge 31: Finishing the 2022-23 season with only 44 points.

Charge 32-34: Having 191 years worth of contracted players.

Charges 35-38: Going three seasons without a front shirt sponsor.

Charges: 39-40: The John Terry and Wayne Bridge feud (*keep it in your pants John Terry!*)

Charges 41-46: The bomb squad...

Charges 47-50: Being knocked the FA cup by Bratford

Charge 51: Being the first team to lose three consecutive FA cup finals in a row

Charge 54: Conceding a goal to Frank Lampard

Charges 55-58: Every season Raheem Sterling was playing

Charge 59: Not having enough football fans that are also Bullsheet writers.

Charges 60-64: Chelsea players arguing over a penalty kick when they are 5-0 up to Everton

Charge 65-68: Joao Felix Loan, Buying Joao Felix, and then selling him all the span of two years (*he hey sports!*)

Charge 69: Having zero chants besides, "Chelsea! Chelsea! Chelsea!"

Charges 70-72: Every time they fired a manager before 18 months (*rip thomas tuchel*)

Charge 73: Conor Gallagher's slick back buns (*my favorite brexit tackler*)

Charge 74: Being Champions of the world and winning every single trophy in Europe!!

After reviewing all the charges with my fellow FA board members, we have come to a consensus on how to deal with these FA violations.

Official Recommendation: **A 10 POINT DEDUCTION FROM EVERTON FC.**
