BREAKING NEWS: THIRD ANONYMOUS LETTER ARRIVES AT THE DOORSTEP OF THE BULLSHEET OFFICE

*IDK,
That's the Point*

You heard it here first, folks. The mysterious entity who has been submitting pieces of journalistic investigation to the Bullsheet struck again. What did they say this time? What information was revealed? What fantastics has this fanatic brought to light? Read the letter for yourself:

“It’s with a humble heart and a regretful mind that I write to you all now to provide a retraction. In the two previous letters to this lovely newsletter, I have by my own misjudgment misinformed all of you. There are no microphones hidden around campus, there are no clones inside tunnels under campus trying to replace us. That would all be absurd and I hope none of you mistakenly believed it. I was simply lying. Please ignore any of my erratic and false letters. As an apology and a sign of goodwill to the administration and readers, I present to you the following poem. I hope to provide you all with literary and journalistic love. Enjoy.

Breaking news: campo hot dogs are delicious
 Forgive my trespasses, my mind capricious
 Lilac skies dole through slivered eyes
 As I miss my beloved passways of steel and flies
 I think myself good until I recall
 In times of challenge I only will fall
 Don't you know I'll always be less than zero?
 Abscond from my mothers arms
 Drive past ochre soil on arcadian farms
 The fields are cleared, the harvest is done
 I have lost, no one has won
 Time crackles away like sparklers in the rain
 Eat campo hot dogs and I forget all the pain”

Well, folks, there you have it. Clear as a crystal. Now you know. Read it and weep. Or don't. That's it, that's the news. The FAKE news. Exposed.
