*William Eddleman,
SO EXCITED!!!!!!*

"Sporadic," "Unnerving," "Tasteless." What do these words make you think of? My history of bullsheet article writing of course! But be warned, only the later two of those things will be true going forward. Every Friday from now on, my loyal readers can look for the newest sheet, edited by yours truly. Fueled by lukewarm Slayter fries, a sense of urgency, and several medications, I'll be spending my Thursday nights churning out top-quality sheets for you! FOR YOU!!!!
