MIKE PENCE TO SPEAK AT DENISON UNIVERSITY

William Eddleman,
Woke

As you are probably aware by now, former Vice President Mike Pence is scheduled to grace our campus in just under three weeks! Denison students and faculty will have the opportunity to interact with The Fly Whisperer himself. Bullsheet correspondants spoke to the event organizer, May Duppnayme, on why God's favorite wax statue was chosen as the guest.

"Look, let's all be honest here," says Duppnayme. "Pence was not at the top of our list. It's just that so many other prominent conservatives bailed out on us that we had to swallow our pride, and go with what was available. I know a lot of people were disappointed, but on the bright side, it barely cost us a thing to get him here. In fact, he offered to pay *us* at one point!"

We then asked Duppnayme why plans with other conservative speakers fell through.

"Vice President JD Vance was considered. We were just a bit weirded out by him, he seemed a little too excited to speak at Denison. All he would talk about is if he could get a tour of the Bullsheet office, particularly the Jouch. That honestly seemed like the only thing he was interested in, so we just gave him fake directions for getting to campus. Elon Musk said he would only do it if we let him write his whole lecture with Grok. George W. Bush started crying uncontrolably when we called him. Not sure what that's about. Ben Shapiro told us that Denison was too woke, and threatened to destory us with facts and logic. Tucker Carlson just told us to go fuck ourselves."

From what Bullsheet reporters gathered, it really seemed like organizers went to Pence as a last resort.

"Oh yeah, Charlie Kirk was actually booked and scheduled," says Duppnayme. "He just abruptly ghosted us at some point. What a jerk. So yeah, now we're stuck with the human version of dry cornflakes. Thanks a lot, Charlie."

The lecture is being hosted as part of the Babc*ck series, a grant that serves to bring prominent conservative speakers to Denison's campus.

"We at the Babc*ck series believe in free speech above all," says Duppnayme. "College should be a time where people are exposed to all different viewpoints, and are given the space and freedom to develop their own opinions. Every side deserves a voice at a place like Denison University. The Babc*ck series plays a big role in that, by giving conservatives the representation they lack here in rural Ohio.

Karen "Mother" Pence is also confirmed to be coming to campus. It is unknown if she will also be speaking, or is just there to smile and nod in case only women students and faculty show up to the lecture. Mike Pence's talk is scheduled for Wednesday, April 15th at 6:00am at the far end of the bioreserve. There will be a free prayer-breakfast reception afterward.

!!! DO NOT READ THIS IF YOU ARE NOT LEAH !!!

So, you've finally revealed yourself, LEAH. I should have known it was you. You want to feud? I'm down, let's feud.

I don't even know where to begin with that heinous "article" you wrote, Leah. Let's take it point by point, shall we?

1. Yes, William "Labia Majora" Eddleman is perfectly fine. Why wouldn't it be?? Are you saying that there's something funny or offensive about vaginas??? Is that what you're trying to say here???? Not very feminist of you. Yikes.

2. There is no "accuracy" to speak of. I am a raging heterosexual, as anyone who knows me can immediately tell. I like TRUCKS and BEER and GUNS and FOOTBALL and EXPLOSIONS and more than anything PODCASTS. Oh yeah, and women too. Women and ONLY women, in case that wasn't clear.

3. You mentioned my boyfriend. First of all, only I get to "take his ass." Second of all, you'd better not try to escalate this any further. He's an archeology major. They'll never find you.

Now, let's talk about a little concept called "projection." I think you might be accusing an obviously straight man of being gay because you haven't accepted certain things about yourself yet. Let's take a look at your most recent sheet:

Your first article: one of the tarot cards in your reading features a naked lady. Perhaps you missed what the psychic forces were REALLY trying to tell you at that moment.

Your second article: You did an entire STAFF BOX on vaginas? That's a lot of nicknames. You must be thinking about vaginas a lot if you were able to come up with all of those.

Your third article: You conclude your review of the film "Spring Breakers" by pointing out that there were a lot of boobs in that movie. Why would you be looking at that? Why'd you feel the need to make that a part of your review? Why did you notice all those boobs, LEAH???

Your staff box: A lot of the "gay stuff" you mentioned was pretty exclusively lesbian stuff. I mean Subaru's??? I used to live in Portland, Oregon, and Subaru-driving lesbians are the biggest demographic in that city. But how would YOU know that???

The balls are in your court, Leah. I await your response to my response to your response.
