

\$ TIPS FOR DENISONIANS TO SAVE MONEY \$

*Anna Crum,
Mr. Monopoly*

I am a direct descendant of Mr. Monopoly himself, and here are my own financial tips to help you save. These tips are Denison-specific, meaning at least one is guaranteed to be available to YOU!

Tip 1: If you buy Zyns, instead of immediately dropping 3 under your desk on the third floor of Olin, you can actually use them before throwing them away! Think about it, how much money could you save if, instead of dropping half of them on the ground across campus, you used them? You would be spending the same amount on twice as many Zyns!

Tip 2: Want to start your own small business on campus? Introducing ReZyn. Your first step is to collect the zyns you see around campus! I see at least three within a 10-step radius outside any building. Collect these and put them in an empty Zyn container. These containers can also be found on campus, but may be a little rarer. After collecting enough Zyns and Zyn containers, sell them to your local Zyners. It's ok if you can't get all the visible dirt off each Zyn; if they are a Zynner, it's not like they care. Get out there and reuse, reduce, ReZyn!

Tip 3: Make a 6-foot-tall, to-scale replica of a zyn out of zyns and then sell it at an art sale for a minimum of \$15,000. Title this piece something pretentious; the name is half the battle when it comes to these pieces. Some ideas to get you started: Nicatinecado Avocado, Redeemable, Flour Bag, Choice, Zyn Squared.

Tip 4: The sugar parent path is also a noble one. If you are interested in this lifestyle, we recommend a Zyn-inspired look that is sure to catch the eye of any rich Zynner. The more white and rectangular the better!

Happy Birthday to our very own Andrew McNutt, easily one of my favorite Andrew's on Campus! If you see him, make sure to give him a premonition of his year to come based on your most recent dream. Now, it's time for a birthday quiz!

What year is Andrew McNutt?

- A) A senior
- B) A super senior
- C) A Junior
- D) Not a student

How old is Andrew McNutt?

- A) 23
- B) No one really knows
- C) 22
- D) 48 (king, drop the skin care routine NOW)

If Andrew McNutt were a Pokémon, what Pokémon would he be?

- A) The nice one
- B) The not nice one
- C) The one with the tail
- D) Pikachu

Answers: (1-d, 2-b, 3-a and c are both acceptable)
