GRANVILLE'S "QUESTIONED" PUBLICATION

Vol. XLV, No. 126

FAQ: Bullsheet Inbox

*Leah Jackson,
low on time and creativity*

Week after week I return to our quaint Bullsheet headquarters with a few halfbaked ideas hoping it will be enough to cover both sides of a sheet. Or, I pray to the bovine gods that someone else has submitted an article. Unfortunately, ever since the reddit sheet, our inbox has been flooded with nothing but emails that contain headlines and links to popular reddit pages. As you all know by now, I am Granville's resident psychic and keeper of all knowledge that ever was and ever shall be. or whatever. Here are my answers to the burning questions of our email inbox.

What will someday be illegal after we finally understand how bad for us it is?

Do you really need to ask? Chat GPT. Vape. Cheezits.

What celebrity is portrayed as nice in the media but is actually an asshole?

I've heard Greta Thunberg is a real bitch.

People who understand chinese/japanese, what's the dumbest thing you've seen tattooed on someone?

I don't understand either of these languages, but I'm really amused by the phenomenon of english phrases on chinese clothing.

Men, what's the biggest green flag you've seen on a woman?

A big fatty and even bigger natties am I right fellas?

At which age did you stop clubbing?

You don't choose the club life. The club life chooses you.

How do you know if someone is in love with you?

I hate to break it to you, but if you have to ask if someone loves you, they probably don't.

For the ladies, what are some hygiene hacks you wish every girlie would know?

Raw garlic and honey actually makes an incredible whiteng toothpaste.

How do I Unsubscribe to the Bullsheet I don't want these emails anymore?

you cant

Feel like answering some questions yourself?

Dear William,
(and all of you other little shits snooping on my personal correspondants)

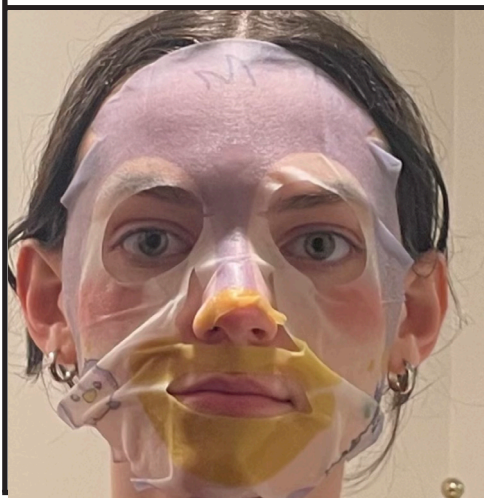

Yes, My last rersponse was delayed. You of all people should know and understand that the Wednesday prior was April Fools Day, a holiday that we Sheeters take very seriously. And yeah, I don't know how to spel. Guess what? I'm still getting a degree. Who's the idiot now? Ah shit. Look at me. Acussing you of being an idiot. How incredibly funny and original. Look at us! This feud has turned us into homodeflective monsters! We've reduced ourselves to "I'm not gay you are." I'm better than this. It may be too soon for me to give you a complimet, but I believe you are too. The Bullsheet is better than this. This is a dignified publication that does not discriminate based on race, gender, or sexuality. Unless its funny and we feel like it. But we have bigger, ballsier, things to move onto.

Let's be honest, we've been exploiting this saga for our own enjoyment. I noticed there is even a tag on the Bullsheet website for Gayness fued. (for any of you that are lost) We seem to have gotten one thing straight after all, we both agree theres nothing wrong with being gay. (Except you Rory. I know your reading this)

At the end of the day, you and I are playing for the same team. I guess we'll just never know which. Maybe its time for us to take a stand and do what our political leaders can't. So what do you say? Truce?

Sincerely,
Leah
